

**Programme for NTA-2**  
**Hosted by the Geological Agency**  
**Bandung, Java**  
**Samarinda and Bontang, East Kalimantan**  
**Indonesia**

***November 16-December 16, 2010***

**Tuesday Nov 16**

All participants arrive in Jakarta, Taxi to Hotel IBIS

**Wednesday Nov 17**

Research Permits and Immigration Organisation Day  
Sightseeing in Jakarta

**Thursday Nov 18**

Travel to Bandung

**Friday Nov 19**

9:30 Welcome (Ken Johnson)  
10:00 Introduction to stratigraphy (Willem Renema)  
10:45 Break  
11:00 Field methods workshop (Ken Johnson)  
12:30 Lunch  
13:30 Field methods Workshop continued (Frank Wesselingh)  
19:00 Dinner with Directors of Indonesian Geological Agency and Geological Survey.

**Saturday Nov 20**

All Day Field Excursion of Rajamandala Limestone (Fauzie Hasibuan)

**Sunday Nov 21**

All Day Field Excursion to Tangkuban Perahu Volcano (Fauzie Hasibuan)

**Monday Nov 22**

All Day Travel to Jakarta for Immigration Processing (Willem Renema)

**Tuesday Nov 23**

9:30 - Introduction to Biostratigraphy and Age Models (Jeremy Young)  
10:30 Break  
10:45 Biostratigraphy Practical Exercise  
12:30 Lunch  
13:30 Introduction to Sequence Stratigraphy (Juan Carlos Braga)  
14:30 Tour of Museum Geologi, Bandung  
15:30 Public Engagement Workshop (Frank Wesselingh, Lil Stevens)

**Wednesday Nov 24**

9:30 Introduction to field sites (Willem Renema)

ESR Presentations of Research Projects (random order) introductions

9:45 Nadia Santodomingo

10:20 Amanda Frigola Boix

10:45 Break

11:00 Vibor Novak

11:15 Elena Lo Giudice Cappelli

11:30 Anja Roesler

11:50 Nicholas Fraser

12:05 Bill Wood

12:00 Lunch

13:30 Emanuela di Martino

13:50 Nathan Marshall

14:15 Sonja Reich

14:30 Simone Arragoni

14:45 Break Out Groups - To discuss strategies for sampling and sharing of material

15:00 Break

15:15 Feedback on Presentations (Frank Wesselingh)

15:30 Introduction to Preliminary Reports/ discussion of data sharing (Ken Johnson)

16:00 Introduction to Modern Shallow Marine Habitats (Willem Renema)

#### **Thursday Nov 25**

9:30 Network Board meeting

12:00 Travel to Samarinda, East Kalimantan

#### **Friday Nov 26-Thursday Dec 16**

Field Training in East Kalimantan including

1) Sedimentary logging in clastic and carbonate facies

2) Examination of sequences for palaeoenvironmental and palaeoecological analysis in carbonate facies (Juan Carlos Braga)

3) Palaeoecological analysis of clastic sequences (Willem Renema, Jon Todd, Frank Wesselingh etc)

4) Field techniques for magnetostratigraphic analyses (Wout Krijgsman)

5) Regional and global nannofossil stratigraphy (Jeremy Young)

6) Larger benthic foram stratigraphic frameworks (Willem Renema)

7) Field methods for sampling fossil communities from Ancient Reef settings (Ken Johnson, Jon Todd, Frank Wesselingh)

7) Public Engagement Activities and Blogging (Lil Stevens, Jeremy Young, Frank Wesselingh)

#### **Tuesday Nov 30**

All Day Excursion on Regional Sequence Stratigraphy (Irfan Cibaj, Total Oil)

#### **Tuesday Dec 14**

19:30-21:30 Overview of Regional Stratigraphy of the Kutei Basin (Robert Morley)

#### **Friday December 17**

Depart Indonesia
