

SAGE 2013

2nd Southeast Asian Gateway Evolution Meeting
March 11-15, 2013, Berlin, Germany

First Announcement

The Museum für Naturkunde Berlin and the Humboldt University will host the second International conference on *Southeast Asian Gateway Evolution* (SAGE 2013).

This meeting focuses on the origin, diversification, and conservation of Southeast Asia's megadiverse fauna and flora against the background of the region's complex geology and climate history. We aim to attract climatologists, biogeographers, palaeontologists & geologists to this multidisciplinary meeting and look forward to welcoming you in Berlin in March 2013.

Venue

The congress will be held at the main building of the Humboldt University right in the historic centre of Berlin.

Call for Symposia

We currently invite proposals to convene symposia on any of the conference's major topics (biodiversity, biogeography, geology, palaeontology). We especially encourage multidisciplinary topics. Please contact the congress office for more details. The deadline for submission of symposia proposals is 30 June 2012.

Time schedule and deadlines

30 June 2012 Call for workshops & symposia closes
 1 August 2012 Abstract submission and online registration opens
 30 November 2012 Deadline for submission of abstracts and early registration

For individual pre-registration please send an e-mail to the congress office. Your name will be added to our mailing-list.

Organizing committee

Dr. Thomas von Rintelen (Museum für Naturkunde, Berlin)
 Dr. Ken Johnson (Natural History Museum, London)
 Dr. Willem Renema (Nederlands Centrum voor Biodiversiteit Naturalis, Leiden)
 Dr. Lukas Rüber (Naturhistorisches Museum, Bern)
 Prof. Fauzie Hasibuan (Geological Agency, Bandung)
 Dr. Daisy Wowor (Indonesian Institute of Sciences, Research Center for Biology, Bogor)
